DESIGN-BUILD REMODELING

PROJECT INVESTMENT GUIDE

UNDERSTANDING THE NUMBERS

Every renovation begins with intention. Before numbers or schedules, we focus on your home, your lifestyle, and the vision for what it can become. Then come the natural questions: “What will it cost? And how long will it take?”

While every home and project is approached individually, this guide lays out a clear foundation for investment ranges and scheduling. Final costs and timelines depend on your unique choices—from layout and finishes to structural updates—so no two projects are alike.

Inside, you’ll find an overview of project types with typical pricing and duration, providing a framework to plan your project and imagine the possibilities for your home.

FIXED PRICING

Once your project is fully designed and selections are finalized, we present a fixed investment for your project. Your price is secured and will only change if you choose to modify materials or scope — no unexpected overages, no moving targets. This approach protects your budget, eliminates surprises, and gives you the confidence to move forward with total clarity.

TIME FRAME

Time frames in this guide are shown in weeks and reflect the construction phase.

Design, including initial concepts, selections, engineering, prints, detailed scope of work, and full proposal need to be done prior to entering the build phase. Each project moves through these early steps at its own pace. Smaller projects typically require 6–10 weeks, mid-sized projects 10–24 weeks, and larger or more complex projects 20–50 weeks.

PAYMENT TIMELINE

Once your proposal is approved, a 20% down payment reserves your place in our schedule. During construction, progress payments totaling 70% of project budget are made through the project, with the remaining 10% due upon completion.

5 YEAR WARRANTY

Our work is designed, built, and finished to stand the test of time, and every project is backed by a comprehensive five-year workmanship warranty. backed by a comprehensive five-year workmanship warranty, far exceeding the industry standard of one year. We stand by our craftsmanship and are available for service, adjustments, and any needs as your home evolves.

DESIGN

As a design-build remodeler, our process begins with thoughtful design. Our team develops detailed drawings of your project so you can visualize the outcome. These designs provide all measurements, blueprints, elevations, and material selections, providing a clear picture of your renovation. This allows for an exact budget and provides our crews with precise direction to ensure a smooth building process. This process can take anywhere from 4 weeks to 24 weeks depending on project size and complexity.

KITCHENS

Where daily life unfolds. A renovation is an opportunity to create an elegant and functional space for daily life and special gatherings.

SIGNATURE KITCHEN

A thoughtfully scaled kitchen renovation that focuses on function, clarity, and balance. This scope supports minor mechanical updates and modest layout refinements to improve flow and usability. Finishes include new cabinetry, quartz countertops, a tile backsplash, durable flooring, and updated appliances—creating a kitchen that feels intentional and cohesive.

Size: 100 sq ft

Time Frame: 6-10 Weeks

Cost: \$65,000-\$110,000

DELUXE KITCHEN & DINING

A coordinated kitchen and dining renovation that focuses on continuity and flow. Updating both spaces together creates a seamless relationship between rooms. Layout refinements may introduce an island or other elements as appropriate, supported by select wall adjustments to enhance openness and circulation.

Size: 130 sq ft Kitchen + 130 sq ft Dining

Time Frame: 8-12 Weeks

Cost: \$100,000-\$135,000

PREMIUM KITCHEN & DINING

A fully custom kitchen with complete design flexibility, including custom cabinetry, integrated layouts, and refined detailing that extends the kitchen beyond its original footprint and into adjacent spaces.

Size: 130+ sq ft

Time Frame: 8-14 Weeks

Cost: \$125,000+

BATHROOMS

From guest baths to luxurious primary suites, upgrade daily routines with detail, layout, and thoughtful design.

HALF BATH

A compact bathroom renovation to update finishes, lighting, and millwork without altering the underlying structure, best suited for powder rooms and hallway baths. The space is finished with a single custom vanity, durable flooring, and updated fixtures, allowing even secondary rooms to feel intentional and aligned with the home's overall design.

Size: 25-45 sq ft

Time Frame: 2-4 Weeks

Cost: \$25,000-\$40,000

SIGNATURE BATHROOM

A full bathroom refresh with modern fixtures and thoughtful updates, creating a cohesive environment where function and style coexist. Every detail is considered to ensure the room feels both practical and refined.

Size: 45-65 sq ft

Time Frame: 4-6 Weeks

Cost: \$35,000-\$55,000

DELUXE PRIMARY BATHROOM

A primary bathroom designed for comfort and style. Small layout and structural updates are possible, allowing the space to flow more naturally. Finishes build on a standard full bath, and optional upgrades such as a linen closet or a full-tile shower with a euro glass door, that elevate both form and function.

Size: 65-100 sq ft

Time Frame: 6-8 Weeks

Cost: \$60,000-\$100,000

PREMIUM PRIMARY BATHROOM

A fully custom luxury primary bathroom. Dramatic changes to layout and structure fully transform your space to suit your refined vision.

Size: 100+ sq ft

Time Frame: 8-10 Weeks

Cost: \$90,000+
